AT RELIANCE INSURANCE & ADVISORY, **WE OFFER MUCH MORE THAN HEALTH INSURANCE.**

Think of us as a one stop shop for your insurance needs. We will assist yourself, your family, your friends and your colleagues with these products and services:

Existing Policy Reviews

The cost of life insurance has significantly decreased over the past 15 years. However, many individuals are not fully aware of how their policies function, which often results in them paying more than necessary.

Life Insurance

Life insurance offers essential financial support to loved ones in the event of an untimely passing, covering expenses like bills, mortgages, and tuition, often at a lower cost than expected.

Disability Insurance

How would your bills be paid if you were unable to work? Disability insurance ensures a steady income in the event of illness or injury, providing financial security when you need it most.

Supplemental Insurance

Supplemental insurance offers immediate financial support in the event of illness or injury. It can help cover deductibles and provide income during your recovery. While your doctor is compensated for your care, you deserve financial protection too.

Dental & Vision Insurance

We also offer Vision & Dental plans! Our dental plans cover up to 80% of procedure costs, while our vision plans provide discounts of up to 60% on eyeglasses.
